An advantage

For me the theme was sensitive
(close to my heart)
and i explained
as best i could
that troubled time:
he brushed aside
the dearest thoughts with jest.
And were i not a solipsist
in this (a slight)
(or in the good and grand)
i'd see a motivation clear:
attributing
a reasoned drive
to actions foul or fair.
And as i am a solipsist
i just ignore
(though some might say forgive)
and do not isolate myself
through having standards
higher
than well fit.
